**Gender:** Female

**Studies:** Medical Physics BSc (Pontifical Catholic University of Rio Grande do Sul and Universidad Autónoma de Madrid). Currently doing a MSc in materials engineering and working with medical imaging.

**Skills:**

**Description:** "I'm Kiyo, I studied with Eduardo for one semester at UAM, so I might know a few of you. I'm from Brazil and have a BSc degree in medical physics. My theoretical physics knowledge is very superficial due to my course's focus. I'm currently doing an MSc in materials engineering and working with medical imaging (micro-positron emission tomography and in vivo fluorescence) to study the neurotoxic effects of ureases, which are enzymes synthesized by plants, fungi and bacteria. I believe I'll be more of a spectator than an active player, but I'm very glad to be in contact with people from all over the world and keeping in touch with former UAM mates!"

**Status:** Semiactive? player

### Jose Armengol
